

CAD AUDIO - B12-250CX datasheet

CAD AUDIO - B12-250CX	TECHNICAL DATA CAD B12-250CX		
<p>12"/305mm high power coax unit designed for pro applications in PA and music instrument applications.</p> <p>250/500W power handling, 50mm voice coil, rugged no nonsense design are among the features</p> <p>Will work well in bass reflex enclosures 45- 70 liters</p> <p>Recommended driver is CAD D25-60 38mm, with this freq resonse is 50Hz-20 kHz</p>	Type	12" / 320mm coax driver unit	
	Nominal diameter	305mm	
	Nominal impedance	8 ohms	
	Power handling RMS	250W	
	Power handling AES	500W	
	Frequency range	58Hz - 2 kHz	
	Frequency range w D25-60 driver	58Hz - 20 kHz	
	Sensitivity 1W 1m	97 dB	
		Voice coil diameter	2" / 50mm
		Resonant frequency	43 Hz
Total Q (Qts)		0.48	
VAS		161 ltr	
Max linear excursion		3,5mm	
	Baffle cutout diameter	278mm	
	Depth (without driver)	115mm	
	Net weight	3,5 kg
